

Minimizing the Risk for Illness

1

Stay Home if Unwell

Avoid visits when symptomatic
& report recent illness.

2

Follow the Facility's Infection Control Instructions

Comply with protocols &
check for outbreak information.

3

Practice Appropriate Hand Hygiene

Use Alcohol Based Hand Rub
or wash hands with soap
and water for 15 seconds.

4

Minimize Physical Contact

Avoid close contact &
avoid touching surfaces.

5

Use Personal Protective Equipment

Wear & dispose
of PPE Safely.

6

Avoid Sharing Food or Drinks

Don't share food or drinks
with residents. Handle
and store food safely.

7

Use Designated Visitor Washrooms

Use visitor
washrooms to avoid
cross-contamination.
