

IPAC Knowledge Refreshers

Syllabus

Overview

This refresher course is designed for staff who have a basic understanding of IPAC but need a refresher on key practices such as donning and doffing PPE and Hand Hygiene. The session will reinforce core infection prevention and control (IPAC) principles while focusing on practical, day-to-day applications.

Course Delivery

The program consists of **four one-hour sessions over four days**, providing a structured and comprehensive learning experience. The in-class session focuses on theory, discussion, and hands-on practice.

Course Specifications

- Department-specific training with examples and scenarios relevant to each role.
- Interactive demonstrations for PPE donning and doffing, as well as hand hygiene.
- Up-to-date best practices based on the latest IPAC guidelines and organizational needs.
- Participants will receive a Certificate of Completion.
